AT A GLANCE

Target

- local guidance decision-makers and stakeholders
- guidance practitioners and teachers involved in academic and career guidance

Key activities

- Conceptual impact map
- Key performance and impact indicators (KPIs) system
- Methodological guide

The guide offers a very easy to follow structure for setting up this process... Evaluation cannot stand by itself, but it needs to be integrated in the way services are thought, delivered and replanned.

DESCRIPTION

A keyway is a slot in a lock for receiving and guiding the key and the Keyway project was developed in order to unlock or connect guidance services and guidance organizations to key performance and impact indicators. T

OBJECTIVES

The project's objective it to support the evaluation and evidence based update or design of guidance policies and services by creating a practical system of indicators for guidance organizations to measure the results and impact of their guidance services.

LESSON & RESOURCES

KEYWAY MAP OF IMPACTS OF ACADEMIC & CAREER GUIDANCE

It is the impacts of guidance services on the Individual throughout his/her life. The focus is on the impact of the three main elements of guidance services: career information, career education and career counselling. Two broad levels of impact are differentiated: the micro level centered on the individual aspects (the main aim of guidance services) and the macro level that comprises all the societal aspects.

KEYWAY KEY PERFORMANCE & IMPACT INDICATORS DATABASE

The Keyway project partners developed a list of 44 indicators that services can use to help them measure the progress they are making towards reaching their objectives and goals.

KEYWAY GUIDE TO IMPLEMENTING KEY PERFORMANCE & IMPACT INDICATORS FOR GUIDANCE SERVICES
